Subject: OOOOa Well completion Notifications, BP Exploration Alaska, Planned June 2018

To whom it may concern:

BP Exploration (Alaska) Inc. (BPXA) hereby submits initial notification for well completion operations subject to 40 CFR 60 Subpart OOOOa at the Greater Prudhoe Bay Field in Alaska. Per 40 CFR 60.5420a(a)(2)(i), notification is required at least 2 days prior to the anticipated commencement of each well completion operation.

The information required in 40 CFR 60.5420a(a)(2)(i), is provided below. Please note that the anticipated flowback commencement date provided is based on the current well intervention schedule, and is subject to change due to operational variability including but not limited to weather, equipment availability, and work-related delays.

Contact Information for the Owner or Operator

BP Exploration (Alaska) Inc.
